An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Cox on November 17, 2006.

The application has been amended as follows:

Claim 33, line 1, change "catalyst" to "process".

Claim 33, last line, delete "of claim 1".

Claim 39, first line, change "catalyst" to "process".

The following is an examiner's statement of reasons for allowance:

The prior art of record, either alone or in combination, fails to anticipate or render the instant claims obvious. Applicant's amendment results in there being no overlap of claimed subject matter with prior art disclosures. Moreover, the preponderance of the evidence in the specification indicates the criticality associated with the claimed range, and the prior art can be considered to teach away from the trend established by applicants.

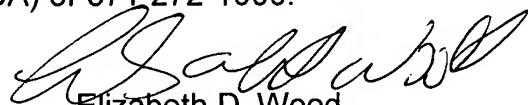

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
